1. Introduction to Home Tabs

Enhance your store for a better browsing experience with **Prestashop Home Tabs**. After you install the extension, an extra block with tabs appears on the main page. Tabs display recommended products, items on sale, bestsellers and new products. Add products to the Recommended tab easily in the back-end. Other tabs content is formed automatically.

Key features:

- Block with tabs on the home page
- Easy to assign recommended items
- Automatically generated content

Overall information

Groups of your store's most attractive products can now be displayed all in one place on your main page. After Home Tabs module is installed, a stylish block with tabs will draw users' attention. By clicking the tabs, the user will browse through products you recommend, discount items, bestsellers and new products.

User-friendly tabs will help the user find the necessary item instantly. He/she will proceed to the respective product page and purchase the one. Prestashop Home Tabs is an easy way to boost your sales.

2. How to Install and Deactivate

How to Install

1. Set 777 or 0777 on the folders: '/modules/'

Important! Change all permissions back after installation.

2. Modules -> Add a module from my computer -> Choose the file (belvg_hometabs.zip) -> Upload this module. Choose module in section "Front Office Features" and install module

3. Preferences -> Performance -> Smarty-> Force compile -> Yes

Preferences -> Performance -> Smarty-> Cache: No

How to Deactivate

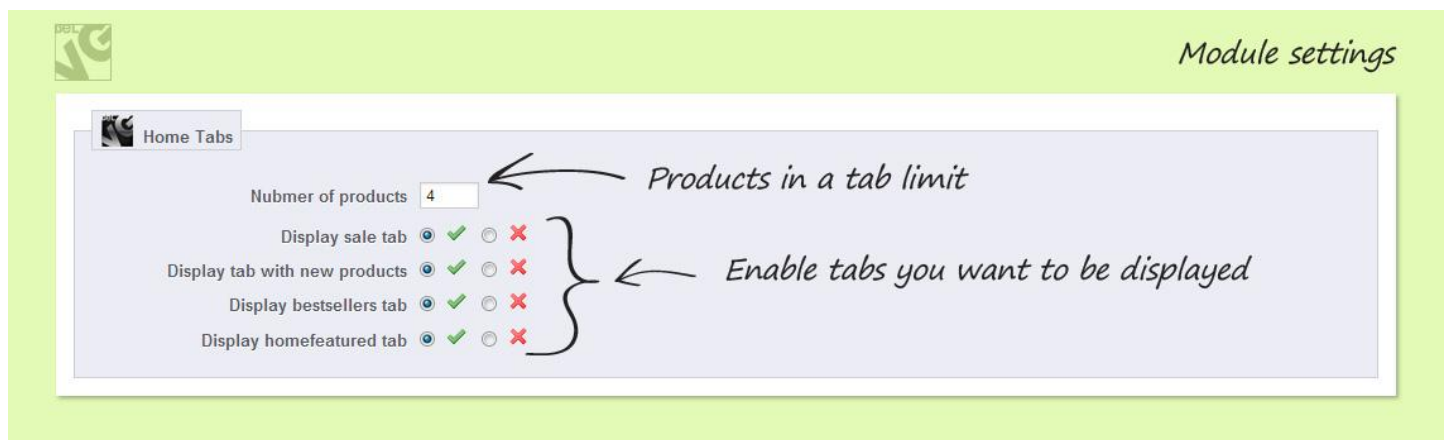

Click the button **Disable** in Modules -> Front Office Features.

To remove the extension from the server, press **Delete** in Modules -> Front Office Features.

3. How to Configure

Log in to the admin panel, and we will show all you may need to configure.

Navigate to **Modules** -> **Front Office Features** -> **Home Tabs** -> **Configure**.

In the first line, enter the maximum **number of products** being displayed in each tab.

In the next lines select if, respectively, **Sale**, **New products**, **Bestsellers** and **Recommended** tabs should be displayed within the Home Tabs block on the main page.

To select a product as a recommended one, proceed to **Catalog** -> **Products**. Click the **Edit** action in the respective line.

In the **Associates** tab, in the **Associated categories** area, select the **Home** box. The product is now associated with the Home category and will be displayed in the **Recommended** tab on the main page.

The extension adds products to other tabs automatically.

4. How to Use

Home Tabs appear in the main page.

Home tabs on the main page

The screenshot displays a typical e-commerce storefront layout. At the top, there is a navigation bar with tabs for 'Home', 'iPods', and 'Accessories'. Below this, the page is divided into several sections:

- Left Sidebar:** Contains filters for TAGS (apple, ipod, shuffle, superdrive, ipad, ipod touch, nano), CATEGORIES (iPods, Accessories, Laptops), SUPPLIERS (AppleStore, Shure Online Store), MANUFACTURERS (Apple Computer, Inc, Shure Incorporated), and INFORMATION (Delivery, Legal Notice, Terms and conditions of use, About us, Secure payment).
- Main Content Area:** Features a large image of an iPad being held by a hand. Below it is a 'Recommended' section with a grid of products: iPad (\$500.00), Apple iPod Nano 6G (\$176.00, marked 20% off), iPod Nano (\$158.07, marked 6% off), and iPod shuffle (\$66.05).
- Right Sidebar:** Includes 'TOP SELLERS' (iPod Nano \$118.35, Apple iPod Nano 6G \$176.00), 'NEW PRODUCTS' (iPad), and 'SPECIALS' (iPod Nano \$158.07, marked -5% off).
