1. Introduction to Home Comments

Prestashop Home Comments module adds a lovely comments block to the home page. It contains a set of small blocks, each displaying the latest customer comment, reviewed item name, picture and manufacturer, customer name and the addition date. Users can observe all the latest reviews instantly and closely to get an idea about which product is better to buy.

Key features:

- Comments tab on the main page
- Automatically generated content
- Stylish and user-friendly design

Overall information

This module enhances your home page with a special feature - small but important enough to be noticed and appreciated by your visitors. All the comments can now be displayed in one place, helping your visitors choose the right product. Comment blocks contain item images and links to the respective product pages so that the user might obtain full information and make a purchase instantly.

2. How to Install and Deactivate

How to Install

1. Set 777 or 0777 on the folders: '/modules/'

Important! Change all permissions back after installation.

2. Modules -> Add a module from my computer -> Choose the file (belvg_homecomments.zip) -> Upload this module. Choose module in section "Front Office Features" and install module

3. Preferences -> Performance -> Smarty-> Force compile -> Yes

Preferences -> Performance -> Smarty-> Cache: No

How to Deactivate

Click the button **Disable** in Modules -> Front Office Features.

To remove the extension from the server, press **Delete** in Modules -> Front Office Features.

3. How to Configure

Log in to the admin panel, and we will show all you may need to configure.

Navigate to **Modules** -> **Front Office Features** -> **Home Comments** -> **Configure**.

The screenshot shows the 'Home Comments' configuration page. At the top right, it says 'Module settings'. Below that, there's a header 'Home Comments' with 'Save' and 'Help' buttons. A sub-header 'Home Comments' is followed by a 'Number of comments' field containing the value '8'. A handwritten note with an arrow points to the field, saying 'Enter how many comments you want to be displayed'.

In the **Number of comments** field, enter how many comments you want to be displayed on the main page. This very number of comment blocks will appear.

Simple, isn't it?

4. How to Use

Home Comments block appears on the main page.

Store main page

The screenshot shows a store main page layout. On the left, there are sections for 'MANUFACTURERS' (listing Apple Computer, Inc and Shure Incorporated) and 'INFORMATION' (listing Delivery, Legal Notice, Terms and conditions of use, About us, Secure payment, and Our stores). The main content area features a 'FEATURED PRODUCTS' section with four items: iPod Nano (\$158.07), iPod shuffle (\$66.05), MacBook (\$1,170.57), and iPod touch (\$241.64). To the right is a 'CONTACT US' section with a hotline number +33 (0)1.23.45.67.89. A 'Comments block' is highlighted with a black box and an arrow, containing two reviews from 12/07/2012 and 11/29/2012. The first review is for a Belkin leather folio for iPod Nano, rated 5 stars by Jensen Ackles. The second review is for a product without an image, also rated 5 stars by Elpatron. A handwritten note on the right says 'Comments block appears on the home page' with an arrow pointing to the highlighted block.

Here is what the block looks like:
