## 1. Introduction to Social Buttons

Do not underestimate the power of social media - use full force of social networks to promote your web-store and products on the web with the Prestashop Social Buttons. This extension lets you connect and install the share buttons of the most popular internet networks, such as: Google+, Facebook, Twitter, Pinterest, LinkedIn and others.

The concept is simple: the social media buttons let your users share your page content through their social media accounts, thus promoting your products among friends and acquaintances.

### Key features:

- Buttons for most popular social media networks: Google+, Pinterest, Facebook, Twitter, LinkedIn and even sharing through e-mail;
- Huge library of icons that will let your pages have a unique look.
- Enable counter to show the exact number of shares for each button.
- Choose to hide or display names for the displayed buttons.
- Display buttons either as a single block or as a number of separate elements.
- No programming skills required - simple installation and use.

## 2. How to Install and Deactivate

### How to Install

1. Set 777 or 0777 on the folders: '/modules/'

**Important! Change all permissions back after installation.**

2. Go to Modules -> Modules -> Add a module from my computer -> choose the file (.zip) -> upload this module. Choose module in section Front Office Features and install it.

3. Go to Advanced Parameters -> Performance -> click the Clear Smarty Cache button

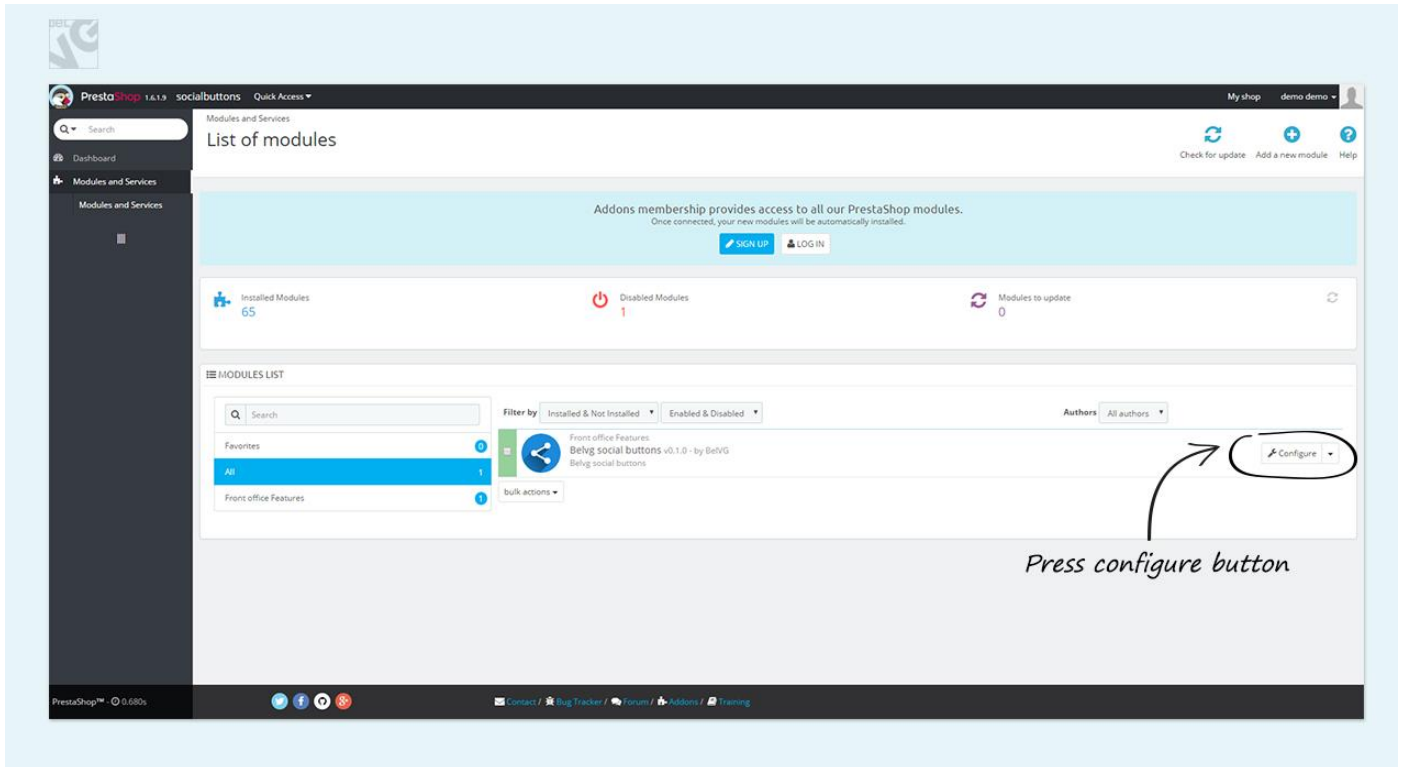

### How to Deactivate

Click the button Disable in Modules -> Front Office Features.

To remove the extension from the server, press Delete in Modules -> Front Office Features.

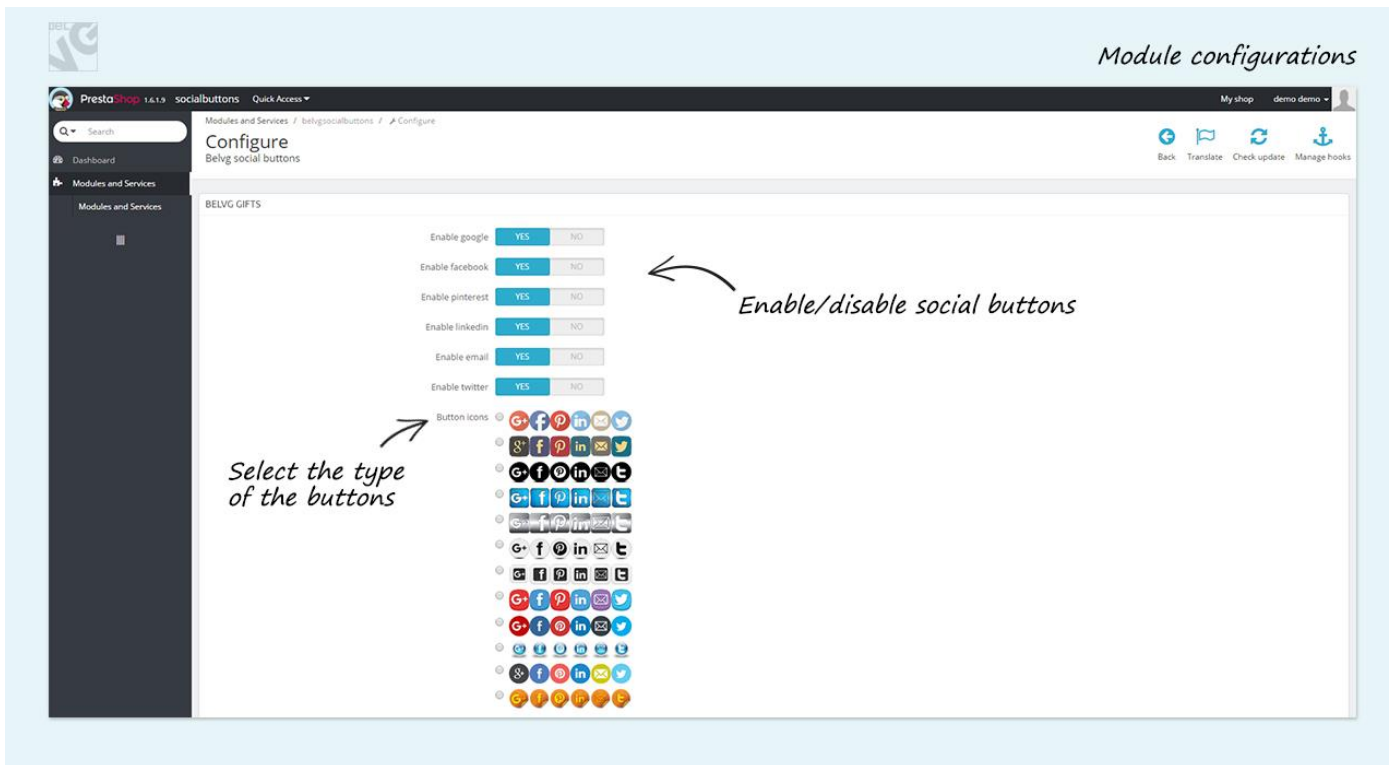

### 3. How to Configure and Use

Once the module is installed, log into your admin panel and switch to **Modules and Services - BelVG Social buttons - Configure**.

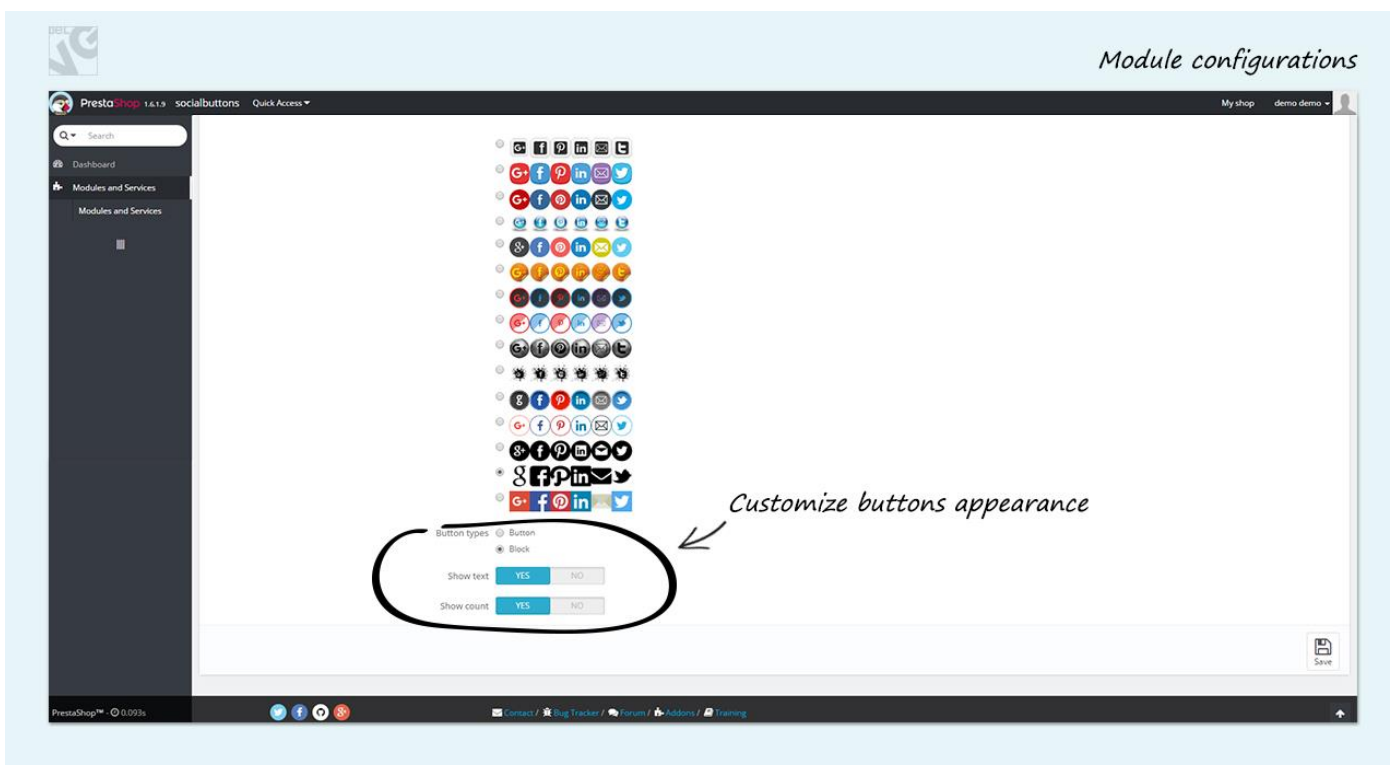

The configuration menu will offer you a set of options:

- Enable social buttons that you wish to add to your pages;
- Select preferred style for icons.

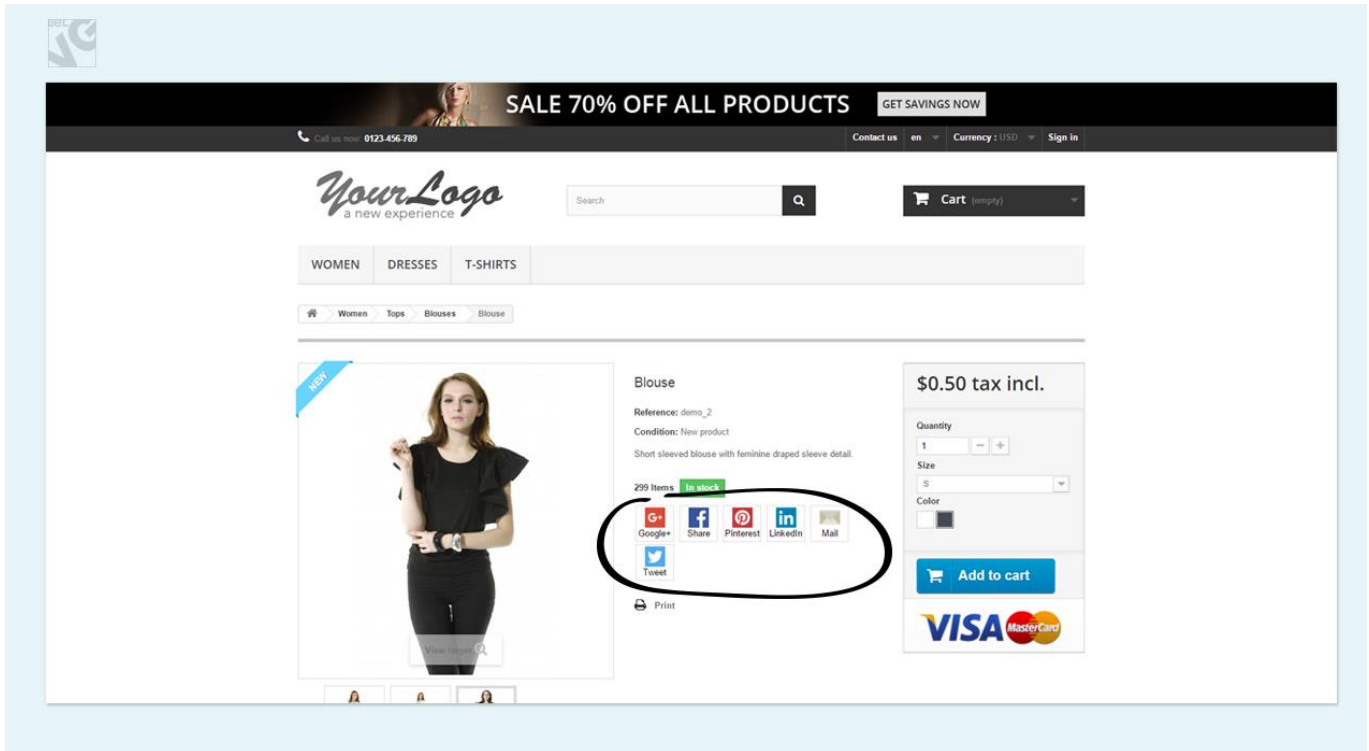

- Chose the preferred type of buttons: either as a single block or as a set of separate elements;
- Enable Show Text if you wish to display the names of social networks under each button;
- Enable counter to indicate how many times the content has been shared through each button.

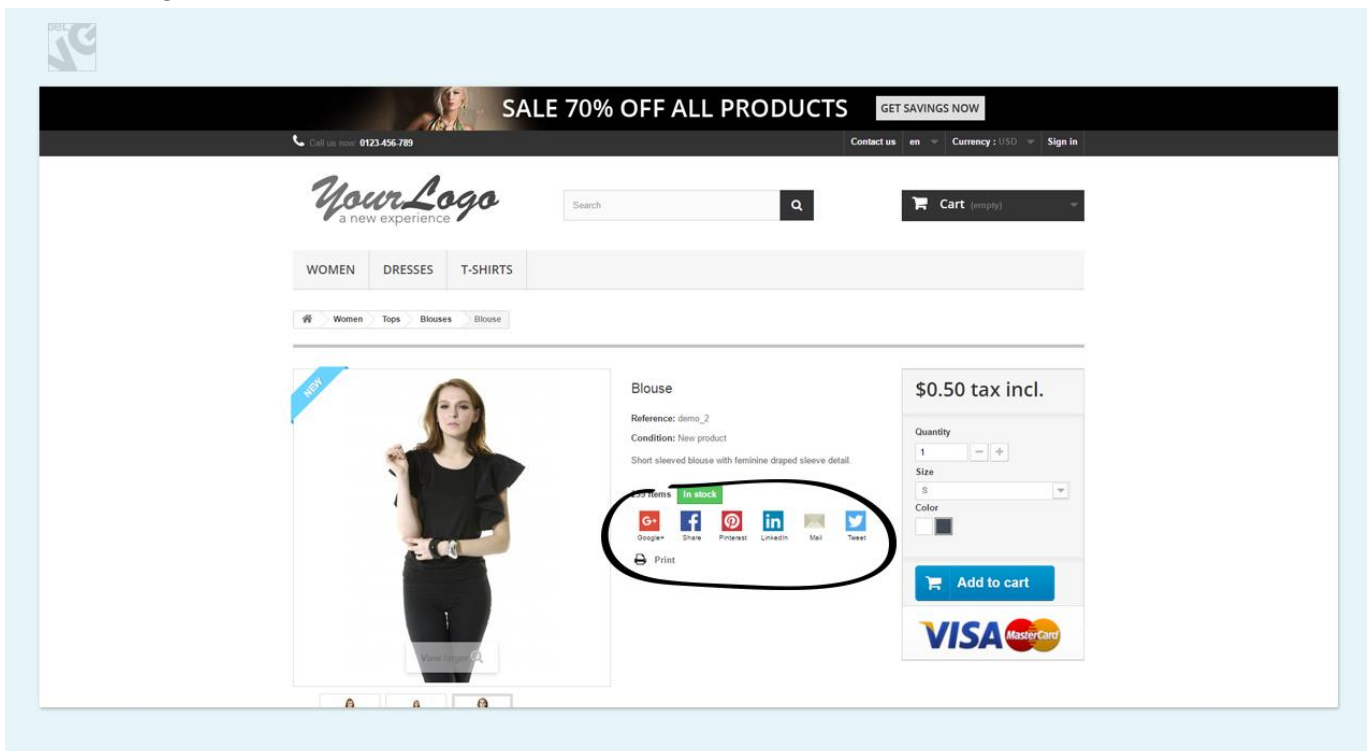

That is all - click to save the result and go to your frontend to see how it works online!

This is how the pop-up will look on the front-end.

The page will display social buttons for the networks that you have enabled in your admin panel. Buttons can be displayed either as a set of separate elements:

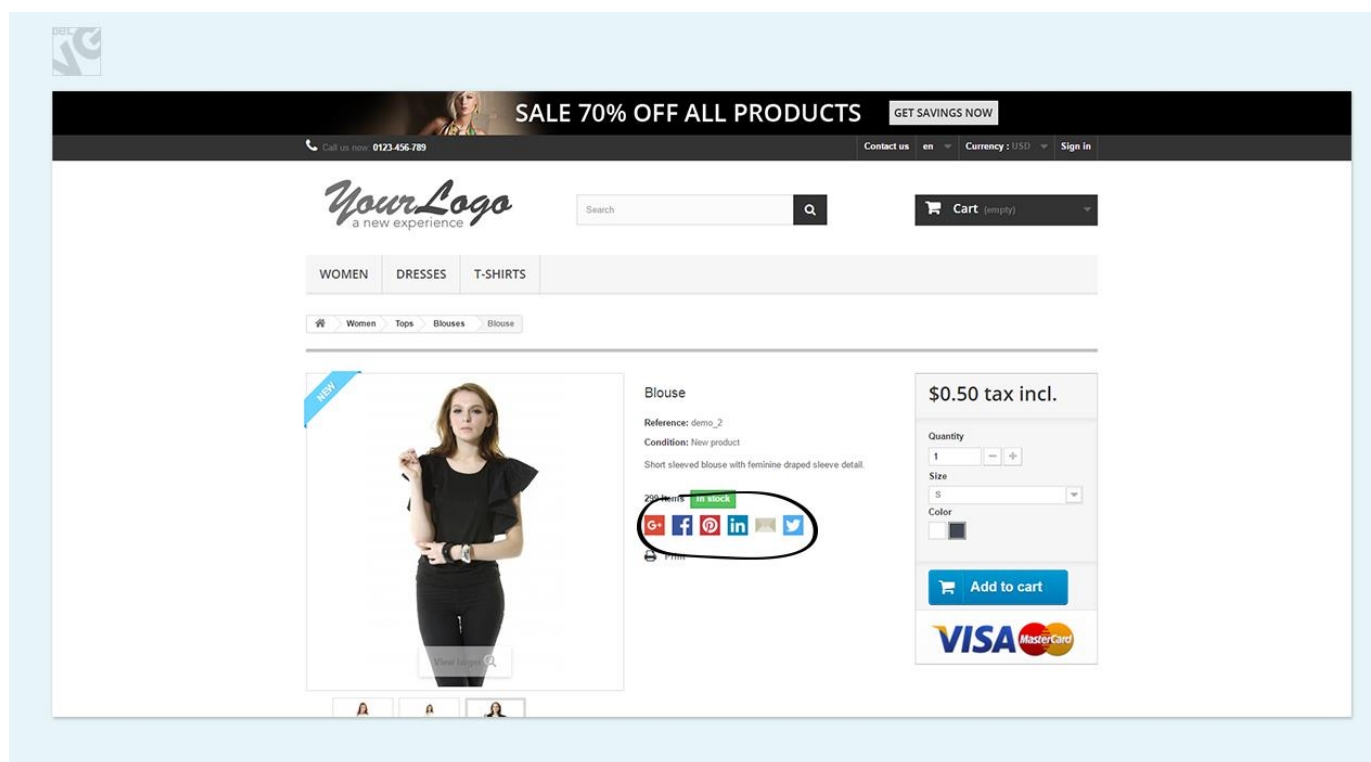

Or as a single block:

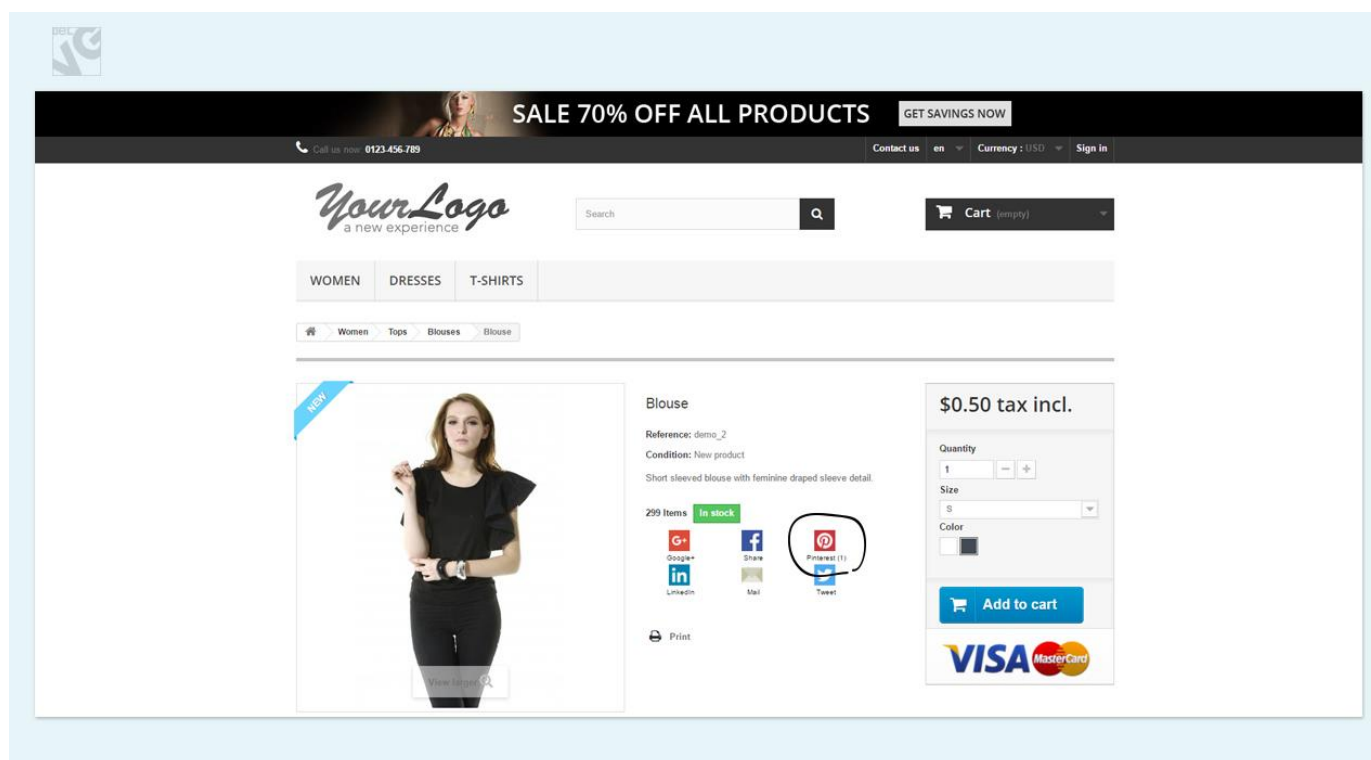

You can also choose to hide the names of the networks, so the page will contain just a list of icons:

Additionally, you may enable a counter to show how many times the content has been shared through each network:
