1. Introduction to Testimonials Module

The module presents you with a simple way to add testimonials to your store. **Prestashop Testimonials** extension creates a separate block where you can add and show your testimonials. It also generates a special Testimonials page on your website where customers can submit their feedback. In order to prevent spam you are in full control over the posted testimonials and can review and allow them for frontend with a single click in the admin panel.

Key features:

- Create a block to display testimonials on a page;
- Define the block's position;
- Set the number of testimonials to display in the block;
- Testimonials are shown on every page;
- The link to the testimonials submission form is added to the page footer.

Overall Information:

The module provides a simple and easy solution to create and manage testimonials and feedbacks. It generates a separate block on every page of a website where you can display your customers' testimonials and reviews. Module settings allow you to define the position of the block on a page (either left or right side) as well as set the number of testimonials to be seen inside the block.

Along with the block the module generates a separate Testimonials page where it is possible to view all available testimonials as well as submit your own feedback.

2. How to Install and Deactivate

How to Install

1. Set 777 or 0777 on the folders: `"/modules/"`

Important! Change all permissions back after installation.

2. Go to **Modules** -> **Add a module from my computer** -> choose the file (.zip) -> upload this module. Choose module in section **Front Office Features** and install it.
3. Go to **Advanced Parameters** -> **Performance** -> click the **Clear Smarty Cache** button

How to Deactivate

Click the button **Disable** in **Modules** -> **Front Office Features**.

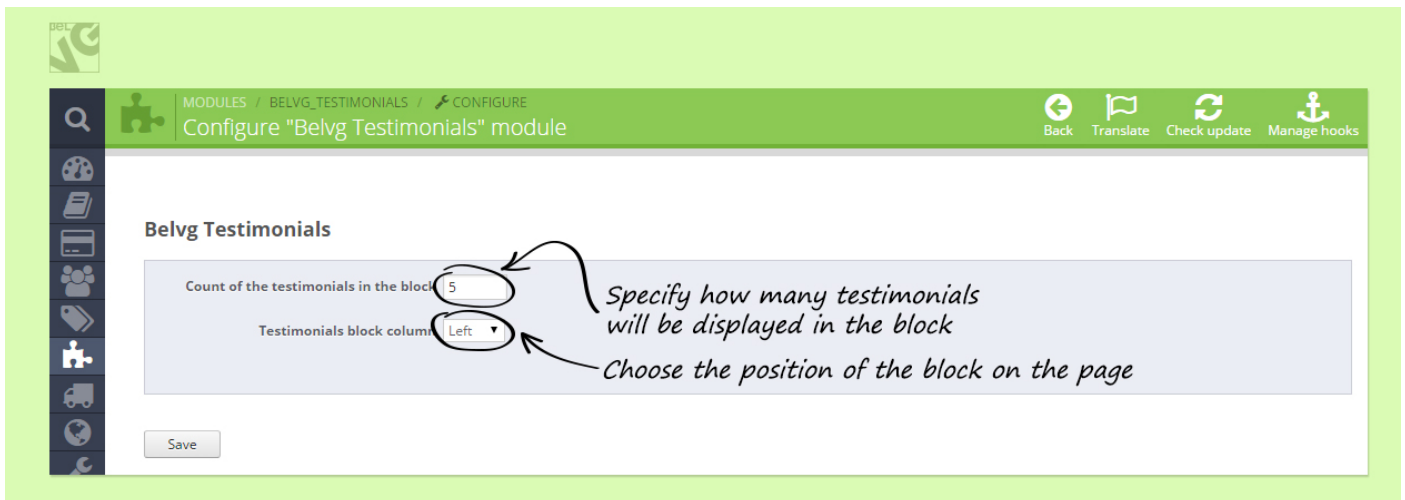

To remove the extension from the server, press **Delete** in **Modules** -> **Front Office Features**.

3. How to Configure

To configure the module log into your Prestashop administration panel and go to **Modules->Modules -> Testimonials -> Configure**.

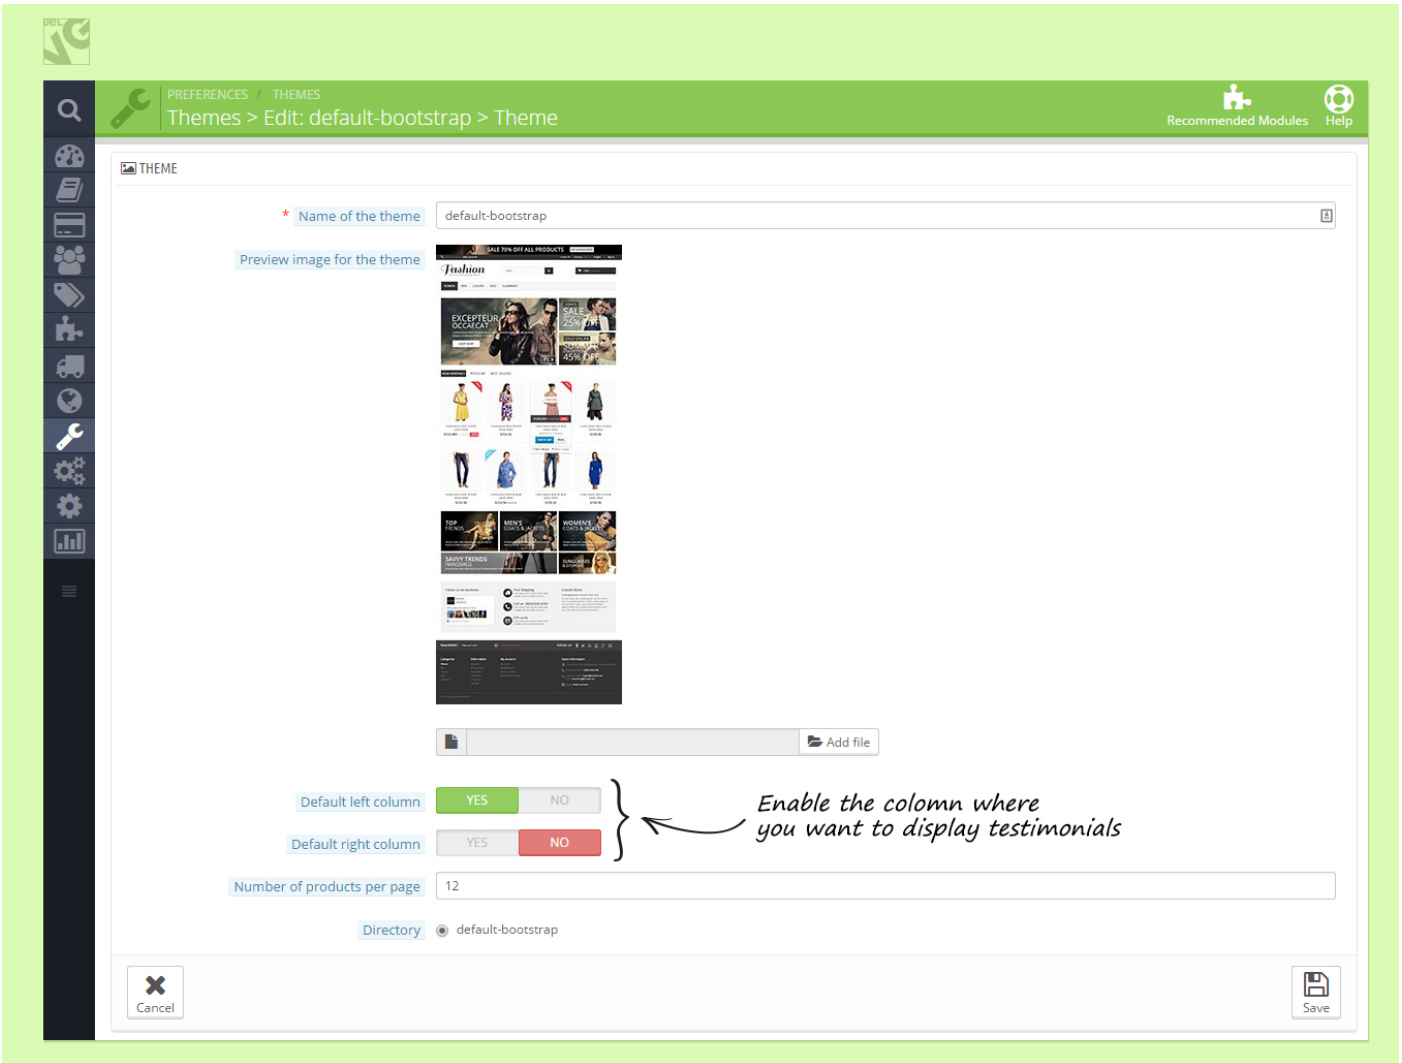

The module settings are very easy to configure and include just several sections.

- Count of the testimonials in the block – here you set the number of testimonials which you wish to be displayed inside the block;
- Testimonials block column – define the position of the block on a page.

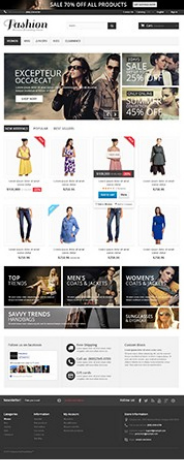

Once you are ready with the settings click the Save button.

Then go to **Preferences -> Themes** and enable the column where you want to display the testimonials' block.

THEME

* Name of the theme: default-bootstrap

Preview image for the theme: 

Default left column: YES NO

Default right column: YES NO

Number of products per page: 12

Directory: default-bootstrap

Enable the column where you want to display testimonials

How to create and manage testimonials?

All submitted testimonials are located in the admin panel in the Customers -> Testimonials section. Once a customer submits a testimonial it is automatically added to the list for your review.

4. How to Use

Let's have a look how testimonials are displayed on the website.

A block with testimonials is automatically added to every page. It is placed according with the configurations either on the left or right side of a page and displays only that number of testimonials which you define in the module settings.
